

Signal-Tech Promotes Jack Tomasik to President

Erie, Pennsylvania, October 24, 2008 – Signal-Technologies, Inc., a leader in illuminated, directional signs & signals, has promoted Jack A. Tomasik as the President of Signal-Tech. As President, Jack will mainly oversee company operations, as well as, develop plans and strategies to advance the company's mission and objectives.

Jack Tomasik has worked for Signal-Tech as a Sales Manager for over 30 years and in those 30 years he has only missed 3 days of work, which goes to show what a dedicated and remarkable person he is. Jack has always played an important role at Signal-Tech and is a significant part to company's success.

Jack is an unforgettable guy, and if you have ever attended the FSPA annual convention you most likely know who Jack is. As an advocate and member of FSPA since 1981, he has attended every annual conference and he will be in Dallas, Texas for the 2009 annual FSPA event.
